ENDURING IMPACT

A Message from the President of the Board

Mary Ellen Brown

Mary Ellen Brown has served as board president since January 2012.

2012 was a good year at MCUM for me: I had the opportunity of learning about the intricacies of running childcare, of negotiating all of the government regulations, of the financial bottom line, not only for childcare but for emergency services. I attended almost all committee meetings to learn what the tasks were as well as the importance of having involved participants. I observed the dedication of the staff and their willingness to go above and beyond the call of duty. And I felt how lucky Bloomington was that almost seventy-five years ago, a group of church women

decided to found what has become MCUM.

Yet 2012 was not a totally a good year for MCUM as a whole: budgetary shortfalls meant that programs had to be cut (summer camp) and curtailed (the Puffin Room). The Childcare Program now opens half an hour later and morning snack is no longer served. It is hard to contract, to go backwards, even in response to fiscal constraints. Yet those who were served by MCUM continued to receive quality support; children were provided for. And the core mission of MCUM remained strong—assisting with emergency needs and subsidized childcare.

One of the most ambitious projects of 2012 was the development of a strategic plan for the next five years, a plan which will bring MCUM into direct dialogue with other social service agencies in Bloomington and will strengthen the core programs—funding the Puffin Room and introducing fresh foods to emergency services, hiring a coordinator for volunteer services and increasing the already amazing number of volunteers from 250 to 500! To do these and a number of other things, we will need to increase our financial resources through individual and corporate contributions as well as established programs like “Each One, Feed One” which generates many participants and much food. And in all of these enterprises, we need to make MCUM known to all residents of Bloomington so that together we can ensure that those needing help and support will receive it.

Supporters of Monroe County United Ministries believe that quality early childhood education should be accessible to all, regardless of income. MCUM is one of only eight childcare centers accredited by the National

Affordable Childcare

Association for the Education of Young Children in Monroe County, and the *only* center whose mission is to serve low-income families. We believe our investment in young children will benefit not only our young neighbors but our community as a whole. Studies show literacy-rich care improves a child's chances of later success in school and in life. Benefits are seen in improved graduation rates, higher earning potential, reduced incarceration rates, and higher rates of civic participation. This is what your contributions to MCUM -- time, energy, and money -- have supported.

In 2012, 124 preschool children benefited from MCUM's licensed and accredited Childcare Program. These children developed literacy skills, mastered science concepts, learned English as a second language, explored interpersonal relationships, investigated the natural world, developed motor skills, and much more during their time in this program.

In addition to providing care for children, this program strives to provide comprehensive services for families. In 2012, these included flu shots and lead screenings, dental cleanings, Christmas assistance for interested families, and referrals to other services in the community.

But let us not forget the impact your support has on our enrolled preschoolers' parents. Parents and guardians were able to maintain steady employment knowing that their children's care was safe and reliable. They received support in guiding their children's education and preparing them for life after MCUM. It was a successful year for our program, simply because childcare families had remarkable support from our community.

With two caseworkers and meaningful community support, Monroe County United Ministries' Emergency Services Program provides basic needs assistance to people in financial crisis. A crisis may be brought on by unemployment, illness, injury, or an unexpected expense, but regardless of the cause, we work to help people through difficult times. Sadly, difficult times continue unabated for many in our community.

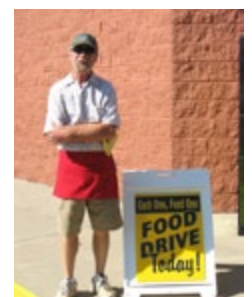

In 2012, this program provided essential assistance to 971 local families, 34% had never sought help from MCUM before.

Emergency Services

These families were provided with assistance, engaged in finding solutions to their challenges, and supported in their return to self-sufficiency.

This program is made possible through the donation of food, cleaning supplies, hygiene items, clothing, and household items to MCUM and Opportunity House. In 2012, the Emergency Food Pantry received 72,371 pounds of donated items. We appreciate the support the pantry receives from individuals, congregations, clubs, schools, and businesses.

Thank You to Our Wonderful 2012 "Each One, Feed One" Community Food Drive Volunteers!

THE PROGRAMS: AFFORDABLE CHILDCARE

Three-wheeled fun gets the thumbs up, thanks to you.

In 2012, MCUM's licensed and accredited childcare program served **124** low-income children, ages 2.5-6.

Healthy Eating Initiatives

Monroe County United Ministries is not just about letting kids play and grow in a safe place. It's not just about developing literacy, math, science, and social skills. It's not just about helping parents continue their education or maintain their employment. It's all of these things together, made possible by community support.

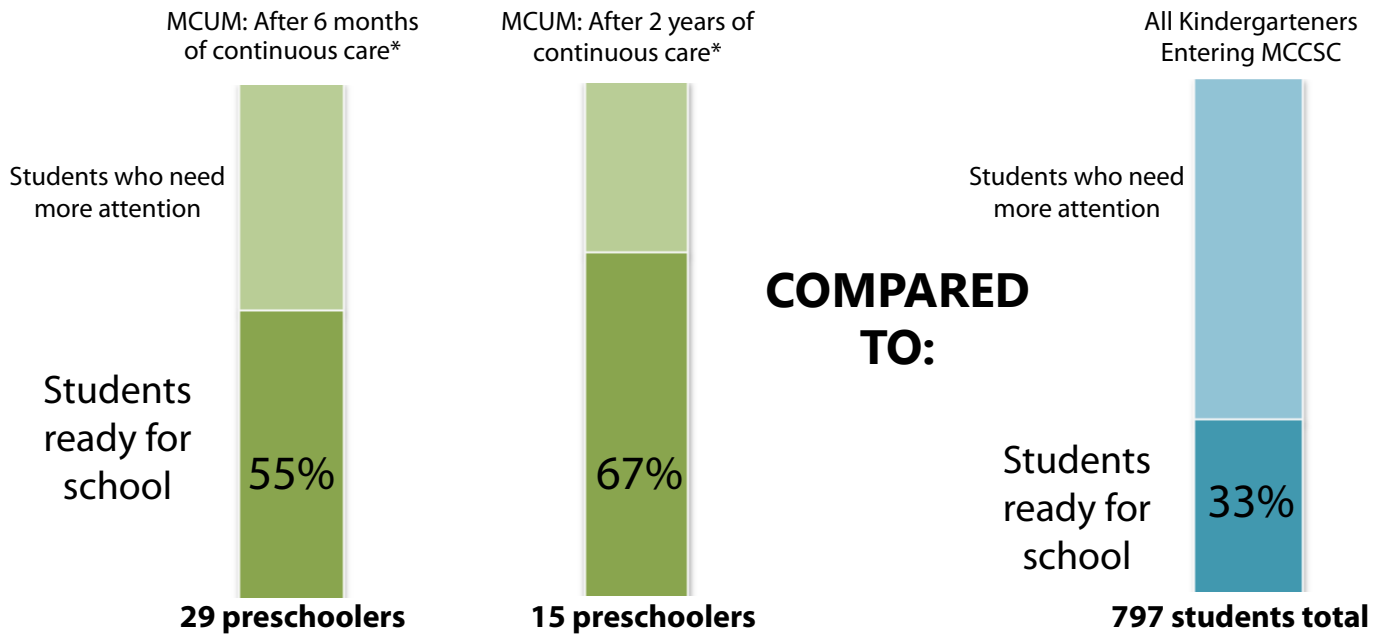

"MCUM helped us raise mindful children. That has been really incredible to see, and how silently they do it too.

What they do makes a huge impact."

-Former Childcare Parent

Your support makes a difference for preschoolers entering school:

School Readiness of MCUM Preschoolers, 2012

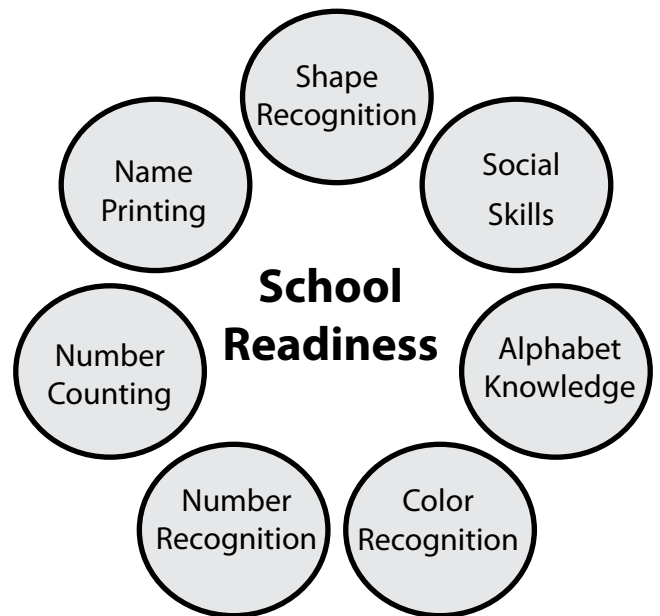

* We did not provide numbers on every child enrolled with MCUM who would be ready for kindergarten or first grade because many had not been enrolled for enough time to attribute any performance to MCUM's program.

Seven key areas are essential for success in kindergarten or first grade:

How do we measure school readiness?

Children enrolled in MCUM's Childcare Program are assessed at least twice each year, more often if deficiencies are identified. The results of the Ages & Stages Questionnaire and the Developmental Tasks for Kindergarten Readiness are discussed during parent-teacher conferences and are used to develop classroom plans.

THE PROGRAMS: EMERGENCY SERVICES

Family dinner, on the table because of you.

Our Emergency Services Program accomplished a significant amount for our at-risk neighbors in 2012:

- 787 families fed -> three-day emergency supplies of food
- 517 families clothed -> vouchers to Opportunity House for clothing and household items
- 61 families secure -> intervention with rent and utility assistance to prevent eviction or utility shut-off
- 10,225 items distributed -> assistance with cleaning and hygiene products to ensure families are clean and cared for

Emergency Services Program Goals

keeping families safe

encouraging self-sufficiency

preventing homelessness

preventing hunger

"If you've never been in that situation it is hard to understand, but it's really nice to know that people are doing what they can to provide for people who are just trying to get through.

THANK YOU."

Breakdown of "Contributions" Revenue Category

Monroe County United Ministries strives to use community financial support as efficiently as possible, without sacrificing program quality. MCUM undergoes an independent financial audit annually and our audited financial statements and 990s are available online at www.mcum.org and www.guidestar.org as they are completed.

We receive financial, food, and other forms of support from many partner organizations:

Bloomington Hospital

A Community That Gives: Profiling Our Generous Supporters

Jef & Pam Davidson: Annual Donors and In-Kind Donors

As Pam handed off eight bottles of laundry detergent for our "Cleaning Closet" for the second time in a month, it was clear how much her family cared about their neighbors. We asked her to share her story.

"In our family, philanthropy and community service are family values, talked about and lived, for we believe philanthropy is a learned behavior which parents can teach. We are well aware of how hard many families struggle, one paycheck away from homelessness, so we share

because we have enough and want to help our neighbors in any way possible. We look at the sale circulars each week for what we give, and are delighted knowing families can do their laundry or shampoo their hair with what we've added to MCUM's closet. **We believe that everyone can make a difference if they only so choose and then act.** Pamela is a consultant in charitable gift planning who once ran the planned giving program at IU Foundation, changing the family forever. All members of our family experience the sheer joy of giving, helping, participating and though we are not members of any of MCUM's member churches, we appreciate how well run it is by a caring staff and how many families it impacts positively, every day."

Bunger & Robertson, Attorneys at Law: Corporate Sponsors

James L. Whitlatch, partner with Bunger & Robertson, Attorneys at Law and former President of the Board of Directors

The support Monroe County United Ministries receives from Bunger & Robertson, Attorneys at Law has a depth and breadth unmatched by other local corporations. The firm has had representation on MCUM's Board of Directors since 1990, thanks to the service of Jim Whitlatch, Tom Bunger, and Brian Drummy. These attorneys have provide valuable professional resources to MCUM and helped to set the direction of the organization. In addition, the firm consistently provides strong sponsorship support for MCUM events such as our spring luncheon and the "Each One, Feed One" Community Food Drive.

"MCUM is one of our favorite organizations in all of Bloomington. It does such great work for the children and families in this community. We have and will continue to support MCUM both financially and by serving on the Board of Directors. We hope that others will join us in this support!"

I support MCUM because I believe that every child deserves a strong preschool education. I support MCUM because I believe in helping people get back on their feet during times of personal challenge and crisis. I support MCUM because I believe it is my responsibility to help strengthen my community.
