Investing in Quality Care Matters

MCUM's Childcare Program has recently been re-accredited by the National Association for the Education of Young Children (NAEYC) and continues to maintain its Level 4 status through the Paths to Quality voluntary assessment program.

... continued on page 3.

Why MCUM?

37
children are currently enrolled on MCUM's fee scale*

Did you know MCUM's fee scale removes a major barrier to parents' employment by enabling them to send their children to our licensed, accredited program all day, all year?

**An additional 48 children are enrolled through the CCDF voucher program.*

Currently, in Monroe County:

19%

of kids live in poverty

21%

of kids don't know where their next meal is coming from

67%

of kindergarteners are not ready for their first day of school

At MCUM, we set these kids up for a lifetime of success:

Most families pay less than \$50/week

75% of daily nutrition is provided

73% are ready for school

Current Needs

Food Pantry

The Each One Feed One food drive brought in 13,800 lbs of food! We still need 2,200 lbs, especially of:

- Cereal
- Proteins (tuna, chicken, beef stew, etc.)
- Canned fruit
- Rice
- Dry beans
- Spaghetti sauce

Cleaning Closet

- Shampoo
- General cleaner spray
- Mens & women's underwear

Childcare

- Plastic bins with lids any size
- 24 piece puzzles
- Barbies
- Felt any color
- Lamination 3ml.
- Construction paper any color
- Artificial flowers

MCUM gladly accepts paper grocery sacks for the food pantry. Paper bags hold more than plastic and stand up nicely.

Please ask for paper when you shop and bring them to MCUM to reuse.

Each One, Feed One a Success

Over a ten-day time period, the community came together to add 13,800 pounds of food and hygiene items to our pantry and cleaning closet. Thank you! We are especially proud considering the torrential downpour we experienced during our collection times. Our community also raised more than \$12,500 for our new self-sufficiency center (emergency services). We'd like to thank the volunteers who so generously helped make this year's food drive so successful:

The Buzz about Quality, Accredited Early Childhood Education

You already know MCUM's childcare program is the only one of it's kind in Monroe County: the only one to be licensed, accredited, & of the highest possible quality to focus on low-income families. But, what does that mean and how much does it really matter - especially for those without children? Let's break it down:

Accreditation.

MCUM is accredited by the National Association for the Education of Young Children (NAEYC). To receive and maintain accreditation, MCUM meets the following 10 criteria (in a nutshell!):

- 1. Relationships: promotes positive relationships to encourage each child's sense of worth & belonging
- 2. Curriculum: implements a curriculum that promotes social, emotional, physical, language, and cognitive learning & development
- 3. Teaching: program uses developmentally-appropriate teaching methods
- 4. Assessment of Progress: measures children's learning & development to inform program approaches
- 5. Health: promotes nutrition & health for children and staff
- 6. Teachers: employs staff with necessary qualifications
- 7. Families: establishes & maintains relationships with each family
- 8. Community: uses community relationships & resources to support achievement of program goals
- 9. Physical Environment: safe environment with indoor & outdoor play spaces
- 10. Leadership: program effectively implements policies that support stable staff & strong personnel, fiscal, and program management.

Quality

MCUM is a Level 4 (highest possible) program through the Paths to Quality voluntary assessment program. Level 4 indicates MCUM meets basic health & safety standards (1); offers a consistent daily schedule, planned activities for children, and information for families (2); implement a curriculum that promotes school-readiness (3); and, have achieved national accreditation (4).

How do accreditation & quality impact our community?

As of this July, Monroe County's unemployment rate was **5.1%**. Children who attend high quality, programs like MCUM's:

- are more likely to finish high school & more likely to earn a higher degree.
- are more likely to be consistently-employed as adults.

Which means...

- + job access
- + consumer buying power
- supportive services

Quality and accreditation also influence civic participation. Compared to their peers who do not attend high-quality, accredited programs, children...:

- experience lower delinquency & incarceration rates (*up to 43% less!*)
- + have more preparation to be effective, loving parents of the next generation
- + participate more in society as adults
