MCUM's microloan program can provide individuals with up to \$1,000. Unlike bank loans, MCUM does not consider your credit history and score. Loan recipients will repay their loan with a 10% fee (much lower than most banks!)

Schedule a meeting with a microloan officer to learn more about microloans and the documents you will need to gather to complete your application.

Schedule your meeting here:

www.mcum.org/microloans

After submitting your application and documents, you will meet with a microloan officer to review eligibility and to schedule your required financial curriculum (6-8 hours).

Receive a microloan to make a purchase that improves your family's quality of life!

A determination on your application will be made within 5 business days.
